How to Use This Guide

It is easy to use this guide to determine what transmission is in your vehicle.

Simply ask yourself these questions:

- 1 Who is the manufacturer of the vehicle?
- 2 What is the model?
- 3 What is the year of the vehicle?
- 4 How many speeds does the transmission have?
- 5 What is the engine type/size?

	2	3	4	5	
	Model	Years	Trans Type	Engine Type/Size	Trans Model
1	CHEVROLET/GMC/AM GENERAL				
	SILVERADO 1500HD/ 1500SS/SIERRA DENALI	98-07	4 SP RWD/4X4	V8 6.0L 6.5L	4L80E

If these questions are asked in the proper sequence, it is very easy to determine the specific transmission in your vehicle.

Example: If you have a Chevy Silverado 1500HD 2006 with a 4 speed 4X4 transmission and a V8 6.0L engine, the transmission is a 4L80E.
